# Pairing **PRODUCTS**

A Guide to Texas Hunter and Texas Angler Products

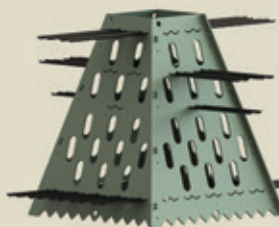

**Enhance fishing in your pond or lake.**

Combine Texas Hunter Fish Feeders with the all new Texas Angler Fish Habitat & Attractants to create a thriving and healthy fish sanctuary.

## **Fish Feeders**

The drive to grow bigger fish demands an effective feeding program.

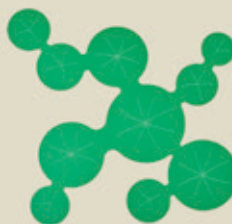

## **Fish Pyramid®**

Attracts sportfish while enhancing forage fish production and conservation.

## **Lily Pads®**

Attracts bass by providing shade and creates a fun fishing experience.

## **Fishing Lilies®**

Natural lily pad cluster design attracts bass and other sportfish.

## **Fish Grass®**

Attracts sportfish, enhances fishing and eliminates the need to control invasive plants.

## **Spawning Colonies®**

Creates an ideal spawning environment to produce more forage and sportfish.

A Full Line of  
Fish Habitat & Attractants by

**TEXAS HUNTER**  
PRODUCTS

3350 IH 35 N  
San Antonio, TX 78219

*A portion of sales goes to habitat restoration & environmental organizations.*

## The Secret to Our Fish Habitat

Texas Hunter Products teamed up with Auburn University's Schools of Industrial Design and Fisheries to develop a full line of highly effective fish habitat and attractants for ponds and lakes. The most innovative designs were field tested by top fisheries biologists with leading lake management companies across America and their feedback was incorporated into the final patent pending designs.
